MX-3-EX

Preamplifier/mixer

Key features:

- **2-gang UK wall panel size**
- **Dual line inputs (1/4" and RCA connections)**
- **Balanced microphone input (3-pin XLR connection)**
- **Individual gain controls**
- **Transformer isolated audio output**
- **DC powered**

Technical specification	
Inputs	a. ¼" TRS jack line level audio b. RCA jack line level audio c. 3-pin XLR balanced microphone level
Sensitivity	Line level inputs – 775mV Mic level input – 10mV
Input impedance	Line input – 47KΩ Mic input – 2KΩ
Output	Transformer coupled main output
Maximum output level	2V RMS
Frequency response	30Hz to 20KHz
Connectors	Audio output – 3-pin 5.08mm Phoenix type connector DC input – 2-pin 5.08mm Phoenix type connector
Power requirement	24VDC (UK type Power adaptor included)
Mounting wall box	Inclusive of ABS surface mount wall enclosure
Dimension (WxHxD)	146 x 86 x 28 mm (UK dual gang wall panel)
Weight	900g
